

Turn your iPhone into a Portable Sound System.

Wander around the house, and take your music with you. Run it on battery power or plug it in. Either way, the inMotion Max churns out lush sound from your iPhone or iPod, or from the unit's built-in FM radio. Twin, full-spectrum speakers give you the accurate sound reproduction and warm acoustics you crave. XDB technology supplies the deep bass without a subwoofer. And ESS sound-widening technology expands the sound to fit any room. What's more, when somebody calls your iPhone, the music pauses so you can take the call.

inMotion™ Max

Premium Portable Stereo
for iPhone™ and iPod®
with rechargeable battery

(iPhone / iPod not included)

hear what's next™

The ultra-sleek and portable inMotion Max delivers your music with power, clarity and a remarkably wide stereophonic soundstage.

FM Radio with Amber LCD

Features 4 station presets and wire antenna for superior reception. LCD displays song and FM station data (RDS).

Alarm Clock Function

Fully compatible with iPhone and iPod models with alarm and sleep timer features.

Powerful Bass

XdB bass-enhancement creates deep bass without a subwoofer.

Crystal-clear Sound

Precision-matched speakers deliver crisp, full-spectrum sound.

Interference Free

Unique design is immune to mobile phone interference, eliminating the need to switch to airplane mode.

Enhanced Remote

Controls speaker system functions, FM radio, and playlist and song navigation.

Music Pause

Automatically pauses music when a call is received on the iPhone.

Expanded Sound Stage

Proprietary ESS technology widens the stereo image to fill a room with sound.

Remote Cubby

Handy storage for the remote.

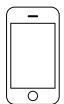

Auxiliary Input

Connects a second audio source, including CD, DVD, and other MP3 players (cable not included).

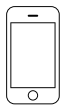

Rechargeable Battery

The Li-ion battery provides up to 3.5 hours of playing time.
